WEAK WOMEN

NEED A TONIC AS THEY APPROACH THE AGE OF FORTY.

Much Suffering is Caused by Being Unprepared to Meet the Extra Strain to be Met at that Time.

As a woman approaches the age of forty or thereabouts, she should pay particular attention to her health. The hard work which she may have been accustomed to do, and the worry and excitement of her daily life should be lessened or avoided as much as possible. As her health after she passes this time will depend in a large measure upon it, every woman owes it to herself to build up her health during these years. It is absolutely necessary that the blood be made pure and rich, thereby enabling all the organs of the body to perform their work regularly. For this purpose Dr. Williams' Pink Pills have long been recognized as the standard medicine, because of their great blood-building and tonic properties.

Miss Minnie A. Kahling, a professional nurse, of 1055 1/2 North Illinois Street, Indianapolis, Ind., says: "An operation for appendicitis left me in a weakened condition, and I approached the age of forty in a poor state of health. I was sick for two years, being very restless, and had headaches all the time. I did not have much of an appetite, and lived mostly on fruits and light foods, but even these caused so much gas on my stomach that I was continually belching. Oftentimes there seemed to be a water in my stomach."

"I was doctoring with local physicians, but did not get better, so decided to give them up and try Dr. Williams' Pink Pills, which I had read about in the paper. I noticed after taking a few boxes of the pills that I was beginning to get a little color. I took several boxes more, and I was cured. I have been in good health ever since, and able to do my work."

Dr. Williams' Pink Pills are adapted for diseases due to impure blood and shattered nerves. They are invaluable in anemia, rheumatism, after-effects of the grip and cold, nervousness, neuritis, and even partial paralysis and locomotor ataxia.

A valuable booklet, entitled "Plain Talks to Women," will be sent free, in a sealed envelope, upon request, to any woman interested.

Dr. Williams' Pink Pills are sold by all druggists, or will be sent, post-paid, on receipt of price, 50 cents per box, six boxes \$2.50, by Dr. Williams' Medicine Company, Schenectady, N. Y.

LEXINGTON, Va., June 4.—The trial of A. Moore McCormick for the murder of W. L. The grand jury found an indictment. The trial is expected to continue through several days.

The fourteenth volume of the Kaleidoscope, the college annual, is out, and presents a very handsome appearance. In addition to the usual pictures of college life, in the way of photographs, are many of the organizations, and sketches of the current year's events, which will place in permanent form much material which will be of great future use.

FAUQUIER FEMALE INSTITUTE.

Interesting Program at the Close of Successful Session.

WARRENTON, Va., June 4.—The closing exercises of the Fauquier Female Institute took place to-night, in the presence of a large gathering of patrons and friends of this popular institution. First on the program was the bar bell drill, with Indian clubs, by the physical culture class, composed of eighteen beautiful girls. The drill was executed with clock-like regularity and precision, and in a graceful manner in which it was given showed the high state of efficiency which this class had attained through the training of its instructor, Mrs. M. M. Wood, who has charge of the physical culture department.

The elocution department is under the supervision of Miss Nellie V. Butler, who is an artist, as was well shown in the presentation of "The Shades of Shakespeare" by the elocution class, composed of Misses Mary Carter, Ellen Ligon, Lillian Fletcher, Lolla Turner, Florence Winmill and Annie Stabler. Following in rapid succession were the various and well selected vocal and instrumental selections. The vocal solo "The Voice of the Future," by Miss Lady Mary Armstrong, of Mississippi, held the large audience as it by magic, and when the closing note of this song faded away, this fair Southern singer, whose sweet voice will be added fame to the old Southland, was greeted with deafening applause.

The presentation of diplomas to the graduates was by Dr. Robert Frazer, who briefly and eloquently addressed the class. The graduates were Misses Jessie Finks Walraven, Miss Ella Carmichael Bowen, Miss Mary Alfred Leigh, all of Virginia, and Miss Lady Mary Armstrong, of Mississippi.

A beautiful instrumental quartet by the graduating class brought to a close the session of 1907-'08, which has been the most successful one in the history of this school.

TO REDUCE RATES WOULD WORK LOSS

Norfolk and Western Officials Testify That Charges Are Reasonable Now.

[Special to The Times-Dispatch.] WINSTON-SALEM, N. C., June 4.—The hearing of the cases of the Winston-Salem Board of Trade vs. the Norfolk and Western Railway and the North Carolina Corporation Commission vs. the Norfolk and Western Railroad, growing out of alleged freight rate discrimination, was begun here this morning before Special Examiner George N. Brown of the Interstate Commerce Commission, at Washington. There was much discussion relative to whether or not the two cases should be tried together or should be combined into one. Finally it was decided to keep the cases separate only that the evidence in one should be considered as evidence in the other, where it was practicable, in order to avoid duplication of evidence.

Heard Separately.

It was also decided to hear the case of the Corporation Commission first, and Mr. Joseph W. Cox, comptroller of the Norfolk and Western, was the first witness.

He testified that the dividends on Norfolk and Western capital stock, both preferred and common, averaged about 2.36. He stated that the earnings the past five months had been considerably less than usual, because of the loss of coal freight, and that the net earnings for the past five months amounted to \$1,426,000. Mr. Cox said that if Virginia rates were applied to the Durham and Winston-Salem roads, it would diminish the income of the road over \$100,000, that the loss on coal freight would be \$129,250, and the loss on other merchandise would be \$68,341. The coal and coke formed about 57.7-10 of the freight business of the Norfolk and Western road, the company hauling 11,814,235 tons of coal and coke out of a total tonnage of 20,132,210 of merchandise; that the Norfolk and Western road received the coal and coke sent to points beyond Winston-Salem that it did on freight stopping here because they had to give the Southern Railway part of the money received for hauling the freight.

Witness admitted that his company had paid several evidences of loss, and that they had recently declared a dividend of 2 percent, to be paid on the 15th of this month. Mr. Cox also confessed that when the Norfolk and Western was reorganized the old preferred stock of the company was allowed to be taken as common stock in the new company; that a syndicate took over the stock by paying \$12.50 on each share, for which it receives in dividends 32 percent.

Operation Is Expensive.

Vice-President Devant of the Norfolk and Western was the next and only other witness examined during the day. He read a letter from the superintendent of transportation, in which it was stated that there was more expense in operating the road from Roanoke to Winston, because there were more curves and grades on this road. Witness stated that the cost of operating this road was 74 percent greater than operating their other lines.

He expressed the opinion that the Norfolk and Western had seen its best days, as far as transportation of coal into the Carolinas is concerned.

Besides the Norfolk and Western, the Southern, Seaboard Air Line and Louisville and Nashville Railway are represented at the hearing by officials and counsel. The three members of the North Carolina Corporation Commission and representatives of the Petersburg, Va., Chamber of Commerce are present.

ORDER RAISES STRONG PROTEST.

Town of Winchester and the B. & O. to Fight Ruling of Commission.

WINCHESTER, Va., June 4.—The order of the Railroad Commission, requiring through trains run via the Baltimore and Ohio and Southern from Lexington and Alexandria, has raised a storm of protest here and at other points in the Valley. Mayor Baker's committee of fifteen will go to Richmond and Baltimore at once to protest against the commission's order diverting all passenger traffic at Strasburg Junction.

The new ruling will work great injury to Winchester and other Valley towns, making connections which are now very easy, even worse. It is known that the Baltimore and Ohio will resist the order, and from an authoritative source it was learned to-night that the matter will be taken to the United States Supreme Court.

FRICITION IN BUNCOMBE LEADS TO RESIGNATION.

[Special to The Times-Dispatch.] ASHEVILLE, N. C., June 4.—As a result, it is alleged, of his activity during the recent campaign preceding the Democratic primaries, ex-State Senator Charles A. Webb, who for the last eight years has held the position of attorney for Buncombe county, has been requested by the board of county commissioners, the chairman of which, Mark L. Reed, was defeated for reelection to term by his resignation, which he promptly did. The reason given for the dismissal was that Mr. Webb was not in harmony with the board.

Mr. Gallatin Roberts, of Asheville, has been chosen as his successor.

PROMINENT ROWAN COUNTY MAN FOUND DEAD IN BED.

[Special to The Times-Dispatch.] SPENCER, N. C., June 4.—George A. Miller, aged seventy-five years, one of Rowan county's best known citizens, was found dead in bed this morning at the home of his son-in-law, L. L. Crawford, in Spencer, whom he was visiting. Mr. Miller won distinction as a Confederate soldier and leaves a wife, two sons and two daughters.

WANTS RECEIVER APPOINTED.

Mr. Breeze Brings Action Against Norfolk and Ocean View Line.

NORFOLK, Va., June 4.—Charles Parker Breeze, suing for the benefit of himself and others similarly situated, to-day filed a petition in the United States court asking for the appointment of a receiver for the Norfolk and Ocean View Railroad, formerly the Bay Shore Railway, long in litigation here. Breeze was a stock and bondholder in the Bay Shore. He and others owned the property, and he now calls for payment in bonds of the reorganized company, according to agreement. He charges that the Norfolk and Ocean View Railroad is now owned by a competing corporation, and that the property is being depleted and wasted to the injury of the minority.
